CARE INSTRUCTIONS & GUARANTEE

We offer a 20 year guarantee on our furniture frames, and a 5 year guarantee on the upholstery work and inners.

While we use only superior quality fabrics, we do not guarantee any fabrics. Fabrics are guaranteed by the distributor or mill, and further information can be made available from the fabric house used.

We cannot be responsible for damage to furniture that occurs due to poor handling, sun exposure or reasonable wear and tear.

While we do not guarantee embroidery work, we do offer a repair service to fix minor problems using hand embroidery. Unless the damage is massive and caused by circumstances beyond our control, we will not charge for this type of repair. Travel costs beyond the Cape Town area will be charged for.

MY CLEANING TIPS

Please care for your furniture by cleaning it regularly. I recommend Probac Upholstery Cleaner. Allow time for the product to take effect. This bacteria based cleaning product should not leave a watermark. Never brush your fabric with a brush, no matter how soft the bristle. Use Stapol leather cleaner and Renapur leather balm, available from Woodheads in Cape Town. Never use Dubbin on furniture leather.

I hope your product brings warmth and love into your home!
